Can be fixed to the wall or ceiling, depending on the position of the

Depth

Different sizes available 1, 2, 3 and 4 bottles of depth

Hotels & Restaurants

Millesime represents a simple solution for contractors, architects and designers working on major projects such as restaurants, hotels and wine stores.

The Millesime signature

Millesime Wine Racks systems are easily adaptable to any space. Add-ons such as glass racks and countertops are designed to accommodate any type of alcohol and tasting accessories.

The components

Angled shelves its the most distinctive components of the Millesime system. This popular feature is designed to showcase your most prized bottles.

You can also choose to add our unique U-shelves in order to maximize the number of bottles contained in your cellar or, if you prefer, simply display other types of bottles.

The warm of wood

The combination of black American walnut and anodized aluminum being its most distinctive feature, Millesime's components are durable and well suited to the wine environment.

Natural walnut

Varnish walnut

Refined design

The use of acrylic is a winning choice for the enhancement of the bottle and ensures a definitely contemporary style. Transparent and modern, it is the perfect finish to meet all tastes.

Vertical mounts and shelving

For long lasting protection, Millesime storage systems are made of anodized aluminum, which comes in a choice of Clear or Black satin finishes.
